FEATURE PRESENTATION:

THE COASTAL RANGE TUNNEL: PLANNING THE SHUTDOWN OF A HAZARDOUS FACILITY

By:

Stephen Brooks, Safety Officer,
San Francisco Public Utilities Commission

STEPHEN D. BROOKS CSP, has a Bachelor's Degree from the University of California, Santa Barbara, and is a Certified Safety Professional and Associate in Risk Management. Stephen's areas of expertise include: construction safety planning, industrial and office ergonomics, risk management, safety program development and assessment, workers' compensation, and accident investigation.

Stephen has been a practicing safety professional since 1980. He began his career with Liberty Mutual Insurance Group on Los Angeles, Phoenix, and the Bay Area. After 12 years he left the private sector and started his public sector career where he was the safety specialist for CCCMRMIA and the Ergonomics Program Manager for the City of Oakland. In 1999 Stephen moved to the SF Public Utilities Commission, starting as a Safety Analyst and later, the Safety Officer.

Stephen was a founding member of the NorCal Chapter of PASMA and served on The Board for six years, including one year as the Chapter President in 1997. As a member of the Public Sector Division of ASSE, he edited the Division Newsletter for several years and was the recipient of the PSD Safety Professional of the Year in 1998.
